Preparation of the Board policies was guided by the governance model outlined in *Governance and Ministry* by Dan Hotchkiss (second edition, 2016).

1. BOARD GOVERNANCE

1.1 ROLE OF THE BOARD

The Board will govern primarily by discerning mission, planning for the future, creating written policies, partnering with the Minister and staff, and holding the Board, committees of the Board and staff accountable.

The goal of this approach is to have the Board, staff and other lay leaders carry out their work collaboratively and openly, within a framework of clearly articulated roles, accountability and decision-making authority.

1.1.1 Board Work Productsⁱ

In concert with the Minister, staff and congregation, the Board will produce and adopt the following products:

- Mission Statement
- Vision Statement
- Strategic Plan
- Triennial evaluation of the Church’s Ministry
- Board Goals
- Ministry Goals

- Budget
- Minister & Ministry Evaluation
- Board Evaluation

1.2 BOARD OFFICERS

In addition to the duties defined by the bylaws, the officers have the following responsibilities:

1.2.1 President

The President prepares the Board's agenda, facilitates or arranges for the facilitation of Board meetings and congregational meetings, represents the congregation at ceremonial occasions, and works in partnership with the Minister to ensure productive partnership between the Board and staff.

1.2.2 Vice President

The Vice President assists and substitutes for the President upon request. The Vice President is prepared to take the place of the President in presiding over Board and congregational meetings, and to assume such other duties as the President or Board shall designate.

1.2.3 Secretary

The Secretary ensures the safety and accuracy of Board records, including meeting minutes, and oversees registration for Congregational meetings. The Secretary is responsible, in co-operation with the administrator and webmaster, for the keeping of the church records, documents, and papers, except for financial records.

1.2.4 Treasurer

The Treasurer supports fulfillment of the Board's financial oversight responsibilities by working with the Finance Committee and the Minister to monitor the financial health of the Church and invest Special Funds.

1.3 BOARD COMMITTEESⁱ

Committees exist to help the Board govern by making recommendations and executing tasks assigned by the Board. The Board approves committee terms of reference and appoints committee chairs. Committee chairs, in turn, recruit committee members subject to any constraints in the committee terms of reference. The Board and committee chairs will jointly assess their respective appointments every 2 years.

The standing Board committees are:

1.3.1 Finance Committee

Contributes to the Church's success by ensuring the financial health of the Church and the appropriate use of financial resources, by managing all bequeathed and gifted funds for the Church, by overseeing all fundraising, and by recommending appropriate policies to the Board for revenue development, expenditure of funds and use of capital.

1.3.2 Human Resources Committee

Contributes to the Church's success by acting as a resource on effective human resource management. Assists the Board in developing human resource policies, advises the

Board and Minister on human resource issues and provides annual recommendations to the Board on staff salaries and benefits.

1.3.3 Governance Committee

Contributes to the Church's success by acting as a resource on good governance to the Church community. Helps the Board to focus on its chosen role, to train Board members, and to ensure the Board conducts periodic self-evaluations.

1.3.4 Property Committee

Contributes to the Church's success by acting as a resource on property management. Assists the Board by making recommendations on property maintenance, development, insurance, budgeting and rentals and identifying property-related grant opportunities.

1.3.5 Denominational Affairs Committee

Contributes to the church's success by acting as a conduit between outside denominational bodies and individuals or groups within the church whose work might be enhanced by such contact, and keeps the church community in general informed about the larger Unitarian/Unitarian Universalist world of which we are a part.

1.3.6 Residence Governance Committee

Contributes to the church's success by acting as a resource on the residence co-ownership program. Assists the Board by approving the location and purchase of the co-owned property, oversees financial arrangements for the property's purchase, refinancing and sale, manages related agreements, approves capital improvements and ensures the property is well maintained.

1.4 EXPECTATIONS OF BOARD MEMBERS

The Minister shall lead the spiritual, programmatic, and administrative work of the Church. The Minister has the authority and the responsibility to make all operational decisions; adopt administrative policies and procedures; and allocate financial and human resources, in alignment with the Mission, Vision, Strategic Plan, Annual Goals, Annual Budget and Board policies.

Accordingly, the Minister acts as the Chief of Staff and, in that capacity:

- directs both paid staff and volunteers;
- assumes responsibility for hiring, training, evaluating, and dismissal of paid staff, except as limited by Board policies;
- assumes, in conjunction with Ministry Team Leaders, responsibility for recruiting, training, and dismissing of volunteers; and

The Minister manages the work of the Church in collaboration with a Core Staff Team. The Core Staff Team includes the Minister and those staff who report directly to the Minister. The Board expects the Core Staff Team, individually and jointly:

- to lead and unify the paid staff and volunteers in directing their efforts toward the fulfillment of the Church's Mission;
- to ensure compliance with the Church's Bylaws and Annual Budget, Board policies, and applicable laws and regulations;
- to uphold high standards of ethical and professional conduct;

Each team will respond to an identified need, and teams may be formed at the suggestion of interested members or staff. Anyone interested in the establishment of a Ministry Team should consult the Minister. The Minister will establish processes for regularly and periodically assessing all Ministry Teams. The Minister will regularly inform the Board about how the Ministry Teams are carrying out the Mission, Strategic Plan and Annual Board and Ministry Goals of the Church.

Before filling other paid positions, the Minister must consult with at least the position's direct supervisor before making the hiring decision. The Minister informs the Board and HR Committee of his/her decision.

3.2.3 New Positions

The Church intends to be a fair, ethical, and attractive employer; to achieve high staff morale and productivity; and to protect staff members from injustice and abuse related to their employment.

3.3.1 Supervision and Evaluation

Each employee will be assigned an immediate supervisor who will complete the annual process of reviewing the job description, setting annual goals, reviewing performance, and planning professional development.

The cycle will include the timetable for:

- meetings between the Finance Committee and the HR committee;
- staff and ministry teams to inform the Minister of their funding needs;
- the Minister, committees and task forces to inform the Treasurer of their needs;
- the HR Committee to recommend the COLA to be used for the next year and any staffing or staff salary changes;
- the Board to establish a Canvass target;
- the Finance Committee, in consultation with the Minister, and when appropriate, with the HR Committee, to review the canvass results before drafting a budget for the Board's review;
- the Board's approval of a recommended budget for presentation to the congregation; and
- the Congregation's Special General Meeting to approve the Annual Budget.

3.4.2 Capital Budget

A multi-year capital budget, indicating significant capital requirements, must be prepared by the Treasurer in consultation with the Minister, the Finance Committee, and the Property Committee and submitted for approval by the Board when significant capital spending is anticipated.

3.4.3 Spending Authority

The Finance Committee, in consultation with the Treasurer and Minister, will establish procedures regarding the individuals or positions responsible for monitoring and approving expenditures from all Church accounts subject to the following limitations:

A. Donor-Restricted Funds

Donor-restricted funds may not be used in violation of donor restrictions nor Board-restricted funds in violation of Board-imposed restrictions.

B. Lending or Borrowing Church Funds

Lending or borrowing of Church funds requires Board approval with the exception of advances, up to \$3,000, for church approved travel where the Minister can approve such advances for staff and the Treasurer or President can approve such an advance for the Minister.

C. Changing Compensation for Staff

Board approval is required to change compensation for any full-time staff positions or to change the basis on which benefits are calculated. Normally such changes are approved in the course of the annual budgeting process.

D. Seek to Prevent Spending Over Budget

The staff must anticipate and seek to prevent spending in excess of their budget. The Minister, in consultation with the Treasurer, may authorize overspending in a budget area when balanced by reduced spending in other areas, and the adjustment is consistent with approved plans and goals. The Treasurer will inform the Board, at its next meeting, of such discussions and/or decisions.

E. Addressing Over Budget Expenditures

If the Minister and/or Treasurer anticipate that the overall budget will be exceeded they will, where possible, consider options for addressing this over expenditure. The Treasurer will keep the Board informed of such actions at their regular monthly meetings.

F. Treasurer's Responsibility Regarding Exceeding Approved Budget

The Treasurer, in consultation with the Minister and the Finance Committee, is authorized to approve a cumulative total of \$10,000 per annum in excess of the overall budget before seeking approval of the Board. The Treasurer will keep the Board informed through the regular review of Financial Statements at Board meetings of approvals she/he has given that exceed the approved budget.

3.4.4 Gift Acceptance

The Minister is responsible for receiving and acknowledging all gifts to the Church that do not require a tax receipt. The Treasurer is responsible for receiving and acknowledging all gifts to the Church that require a tax receipt.

The following limitations on Gift Acceptance also apply:

B. Non-cash gifts over \$1,000, including securities, real estate, and personal property, must be approved by the Board.

C. All gifts restricted in any way by the donor must be approved by the Board.

3.4.5 Fund Raising

The Board entrusts the Treasurer, Finance Committee and staff to overview all fundraising and to develop administrative practices and procedures designed to ensure the ongoing financial viability of the organization. The Treasurer must report promptly to the Board on any significant shortcomings in the implementation of the fundraising process.

3.4.6 Grants

The Board entrusts the Treasurer, in consultation with the Minister and Finance Committee, to seek out possible grant opportunities that are consistent with the Mission and values of the Church.

3.4.7 Planned Giving

Planned giving is an essential part of all not-for-profits and particularly for religious communities. The Board entrusts the Finance Committee to develop and implement a planned giving program.

3.4.8 Endowment Funds

Endowment Funds are those intended to be held in perpetuity to provide a long-term stream of income to the Church or as an emergency fund. The Board increases the Endowment Funds either by accepting gifts restricted by the donor to Endowment use or by voluntarily placing funds into an Endowment Fund.

The Finance Committee is empowered to direct the investment of the endowment funds. The endowment funds must be invested to seek a maximum rate of total return, using conventional investment instruments consistent with the following: prudent management of investments, preservation of principal, potential for long term asset growth, and socially responsible investment practices.

Annual income earned from the Endowment Funds may be used for Church purposes after consultation with the Finance Committee and with the Board's approval. Income not spent in the year after it is earned will be reinvested into the Endowment Fund capital. Any use of the market value of an Endowment Fund must be approved by a 2/3 vote of the congregation.

3.4.9 Restricted Funds

Restricted Funds are funds that have been restricted by the donor or by the Board for a specific purpose.

The Finance Committee directs the investment of these funds in conventional investment instruments taking into consideration the purpose of the Fund.

Restricted Funds are to be spent in a manner consistent with the intentions established either by the Board or by the individual who donated the money.

3.4.10 Project Funds

Project Funds are specific accounts for work that transcends a fiscal year, is not a normal operating expense, and has been designated for a special purpose. Projects with a value up to \$3,000 must be approved by the Minister, projects with a value over \$3,000 but

less than \$10,000 must be approved by the Treasurer and projects with a value over \$10,000 must be approved by the Board.

The project fund account will receive deposits and fund payments. When the account is established, the individual responsible for approving expenses from the account will be identified and henceforth their approval will be necessary for the withdrawal of funds from that account. Any change to the individual responsible for approving expenses from a Project Account must be approved by the Treasurer.

The Finance Committee will annually review these accounts at their December meeting. They may decide when an account should be closed and how these funds will be allocated.

3.4.11 Investment Management

When the Invested Funds exceed \$250,000, a professional investment manager should be appointed by the Board upon the recommendation of the Finance Committee. This investment manager will report to the Finance Committee and work closely with the Treasurer.

3.4.12 Accounting and Financial Standards

The staff, in consultation with the Treasurer, must create Church accounting and financial controls, that conform to accepted standard practices for churches of comparable size in the areas of cash management, separation of functions, approval authority, fund accounting and reconciliation. The Finance Committee is responsible for ensuring that this standard is met and implemented.

3.4.13 Asset Protection

The staff must take all reasonable care to ensure that Church assets are protected from loss or theft. This includes the maintenance of Church property and equipment in working order and the protection of the Church's intangible property, including intellectual property, electronic data and paper files.

The Treasurer, in consultation with staff, the Property Committee, and the Finance Committee, is responsible for ensuring that the appropriate insurance is in place for the organization to protect against property losses, liability for injuries to others, and other relevant risks.

3.4.14 Document Retention

The staff must maintain written procedures to govern the backup, retention, and destruction of the Church's documents, giving definite retention periods for classes of financial, business, pastoral, personnel, and corporate records in both paper and electronic forms.

4. MINISTRY MANAGEMENTⁱ

4.1 USE OF CHURCH RESOURCES

Individuals or groups with an approved Church mandate can access Church resources, including but not limited to the property, buildings, equipment, communications and information technology, to deliver on their mandate. Those without such a mandate need permission from the Minister to access Church resources. Decisions of the Minister can be appealed to the Board. (Approved by the Board on September 21, 2021):

5. OVERSIGHT

5.1 MISSION FOCUS

The Board's duty of care requires it to ensure that the Church's human and material resources are used to achieve its mission. The Board fulfills this duty in two ways: by monitoring regular reports provided by the staff and Treasurer and by scheduled evaluation of the Church's progress toward achieving its annual goals, strategic plan and Mission.

5.2 MONITORING

The Minister and Treasurer will provide regular reports to the Board. Reports must include, at minimum:

5.2.1 Monthly financial statements that show overall financial performance compared to budget and highlight significant financial or operational issues. These reports will be filed and made available to any Church member who wishes to examine them.

5.2.2 Quarterly financial statements that show the overall financial position of the Church. These must include a balance sheet and income statement.

5.2.3 Monthly programmatic monitoring written reports from the Minister on key operational metrics, progress on achieving the annual ministry goals and compliance with applicable Board policies. Each report will focus on selected areas of progress and compliance so that in the course of the year, the entire set of annual ministry goals and all points of policy compliance are covered.

5.3 EVALUATION

Everyone responsible for work on behalf of the Church will engage in a continual process of evaluation. The purposes to be accomplished through evaluation are to foster excellence in ministry work by ensuring that all Church leaders:

- Practice open communication and regular feedback;
- Meet performance standards appropriate to their roles;
- Maintain effective working relationships with one another; and
- Focus on achieving goals approved by the Board and staff.

5.3.1 Board and Minister Evaluation

Through a process developed by the Board, the Board will annually assess its performance and that of the Minister, including their contributions towards the fulfillment of the prior year's annual Board and ministry goals. The Minister evaluation should help the Minister to remain motivated, creative and flexible.

5.3.2 Staff Evaluations

The Minister must ensure that all Church employees develop, with their supervisors, timely annual performance goals supportive of the annual ministry goals, strategic plan and Mission and that their performance is evaluated annually in writing.

5.3.3 Evaluation of Ministry Teams

The Minister must ensure that leaders of ministry teams develop, with their staff supervisors, goals supportive of the annual ministry goals, strategic plan and Mission and that their performance is evaluated annually in writing.

5.3.4 Triennial Evaluation of the Church's Ministry

Every three years, the Board and Minister will together appoint a Review Committee of three persons held in high esteem by the Church and mutually acceptable to the Board and Minister. Working with the Minister, the Committee will design and facilitate a review of the Church's ministry. The Committee's report to the Board, a written response from the Minister and the Board's plan for addressing any recommendations will be published to the Church.

5.3.5 Annual Financial Audit

In keeping with the Church's bylaws, the Board will annually engage a qualified professional to conduct an audit of the Church's financial statements and to report to the Board and Congregation in writing.
