

Credit or Debit Card

Although we do not have a credit card machine on site, we are able to accept credit and debit cards in the following ways:

- **Text Giving***. You can use your cell phone to “text” us your one time or repeating donation or payment using your credit card. (See a separate sheet on Text Giving for specific instructions).
- **Breeze (Stripe)***. You can use our online payment platform to set up a single or repeating payment or donation from your credit card. The default fund is a donation to the NSUC General Fund, but you can use the dropdown arrow to select a different fund (including Facility Rental payments, Rite of Passage fees, Outreach, pledge payments, and more . . .). Click [HERE](#) to proceed.
- **PayPal**. You can use your credit card to send donations and payments through your own personal PayPal account — or — our NSU Administrator can generate a PayPal invoice that you can pay by credit card *without* having a personal PayPal account. Please email the funds to our main email address (info@northshoreunitarians.ca).

*Note: Text Giving and Breeze (Stripe) are our preferred credit card method, as the payments immediately appear in your Breeze Giving record without staff having to key in your payment manually.

But regardless of which of the above credit card options you use, we do not see or store your credit card numbers. Learn more about how we protect your privacy and personal information [HERE](#).
